Welcome to the British Library at Boston Spa we hope you enjoy your tour.

On Arrival please report to the Reception area where you will meet your tour guides. You will be split into small groups; the number in each group will vary depending on the availability of tour guides. The site at Boston Spa is built across 60 acres, so please wear comfortable shoes.

During your tour you will be given information about the Library in general and greater detail about the following:

- **Reading Room**
- **Additional Storage Building**
- **Retrieval**
- **Digitisation Studio**

Unfortunately you will not be able to go into the Reading Room, as in the past Readers have found this disruptive; however you can find out more information about this facility on the BL website:

There is also a leaflet available to you in the Reception area.
